

# DFS110 - M7 - Order Matcher

---

M7 Release 6.11.263

## 1 About this document

This document contains a functional description of the Order matching mechanism implemented for the M7 Trading Platform by Deutsche Börse.

It does not contain detailed descriptions of the GUI windows or any technical descriptions of the underlying hard or software architecture.

**Note:** Data contained in the examples in this publication are for illustrative purposes only and should not be relied upon as a true representation of a current or past market situation.

**Please note this document is restricted to members only. If you require access to this document please contact [info@semopx.com](mailto:info@semopx.com)**
