B.2 B.4 C.1 C.2 D.2 D.3 E.2 F.2 F.3 G.4 H.5 I.1	<p>It is necessary to include a new member type and contract in the SEMOpX rules to deal with the implicit allocation of the interconnectors' capacity. The member type is called the Market Coupling Facilitator. Only an interconnector owner or their agent may become the Market Coupling Facilitator. The Market Coupling Contract is the result of the implicit allocation of an interconnector's capacity. Only the Market Coupling Facilitator may be party to the Market Coupling Contract.</p> <p>The changes were presented to the Interim SEMOpX Consultative Committee on the 13<sup>th</sup> February 2018. A 10 day consultation was held. Four participants provided feedback on the proposed changes to the Rules.</p>
