In addition, in accordance with B.2.3.6 of the SEMOpx Rules if any member is unable to attend an Exchange Committee meeting, the alternate member shall be entitled to take the place of that member in that meeting and to vote at the Exchange Committee meeting. Modification Proposal Justification

(Clearly state the reason for the Modification)

The aim of this Proposal is to provide support and flexibility for Members undertaking their roles and deals with the genuine risk that the Secretariat has identified that Proposals raised may not progress as a meeting cannot proceed without a quorum.

SEMOpx Objective and SEMOpx Principles Furthered

(State the SEMOpx Objective and Principles the Proposal furthers, see Section A.1.2 of the SEMOpx Rules for *further details*)

A.1.2.2(f) provide Exchange Members with opportunities to be consulted on

changes to SEMOpx Rules and Procedures;

Implication of not implementing the Modification Proposal

(State the possible outcomes should the Modification Proposal not be implemented)

Modifications Proposals raised may be deferred and not progressed if a scheduled meeting cannot

take place if the quorum is not achieved. This is a situation that has been a risk at previous Exchange

Committee meetings

Impacts

(Indicate the impacts on systems, resources, processes and/or procedures; also indicate impacts on any other Market Code such as Trading and Settlement Code, Capacity Marker Code, Grid Code, Exchange Rules etc.)

The Election process will have to allow for this position going forward and this will be included in updated

Nomination Forms etc to ensure compliance.

Please return this form to Secretariat by email to <u>exchangecommittee@semopx.com</u>
