**SEM Committee Decision for the Regulatory Authorities in relation to SEMOpX SPX_04_18
(Modification Proposal Form SPX_04_18)**

Dear Michael,

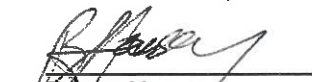

On 23 November 2018, SEMOpX submitted its Modification Proposal Form with regard to SEMOpX rules Modification Proposal Form SPX_04_18: SEMOpX Data Publication Guide.

In order to separate the requirements for SEMOpX specific data from data publication requirements which are not the responsibility of SEMOpX, the content specific to SEMOpX has been extracted from the 'I-SEM Data Publication Guide' and a new document titled the 'SEMOpX Data Publication Guide' has been created. The RAs understand that this modification has been raised in order to ensure that the SEMOpX Operating Procedures and Glossary reflect the updated 'SEMOpX Data Publication Guide' document title, which contains the latest information regarding SEMOpX data publications.

The RAs note that this modification was presented to the SEMOpX Exchange Committee Meeting 1 on 28 November 2018 and information was provided in relation to the reasoning for the proposed change. At the Exchange Committee Meeting, there was a discussion regarding the update to the Data Publication Guide and whether changes should go through the committee. It was confirmed that this was not within the scope of the modification and a separate proposal should be raised to deal with this as a separate issue. Following discussion, the modification was approved by the majority of Exchange Committee Members, with one Member abstaining.

Considering the above, and in accordance with Paragraph J.4.1.1 of the SEMOpX Rules, the Regulatory Authorities approve the Modification as set out in SPX_04_18.

Yours sincerely,

Barry Hussey,
Manager, Wholesale Electricity Markets
