

## Postponement of scheduled maintenance of ECC's clearing system SMSS

Targeted recipients of this Clearing Circular:

All members with access to ECC Member Area and FTP Server

ECC needs to postpone the maintenance on the **production environment** of the **ECC clearing system SMSS**, the **ECC FTP Server** and **ECC Member Area**, which was originally planned for **23 August 2025** (see Clearing Circular No. 45).

While ECC is diligently working on completing the technical precondition for the production maintenance, we have decided to shift the date to ensure a smooth production deployment.

ECC will inform you of a new date for the production maintenance on the ECC clearing system SMSS, the ECC FTP Server and ECC Member Area in due course.

We apologize for any inconvenience and appreciate your understanding.

In case of any questions, we are at your disposal at [clearing@ecc.de](mailto:clearing@ecc.de).
