SEMOPx Decision in relation to SPX_04_25 Housekeeping Mod to include omitted DPUG reports

Dear Exchange Members,

On 23rd October 2025, SEMOPx submitted its Modification Proposal Form regarding the SEMOPx Operating Committee Procedures in accordance with Paragraph J.2.1.1 of the SEMOPx Rules.

The Modification Proposal was discussed at the Exchange Committee Meeting 16 on 13th November 2025. This Modification proposes to update the SEMOPx Operating Procedures to align with all report publications as described in the SEMOPx Data Publication Guide (version 7.9) by including the details of the following omitted reports:

- EA-021 REMIT Files
- EA-010 Interconnector Capacities NTC
- EA-011 Interconnector Capacities ATC
- EA-012 Interconnector Flows
- EA-025 DAM 60Min Harmonised Reference Price

This Modification proposes to update the SEMOPx Operating Procedures to accurately reflect the reports publication list from the SEMOPx Data Publication Guide. Since their respective implementation, reports EA-010, EA-011, EA-012, EA-021 and EA-025 have been published on the SEMOPx Website, however these 5 reports were omitted from the sections B.4.2, C.4.2, D.3.3, and Appendix A: Schedule A.6 of the SEMOPx Operating Procedures.

This modification proposal furthers the SEMOPx Principles (b & e) by ensuring:

- that Members and markets are provided with efficient and effective reporting services the SEMOPx operating procedures reflect the market data publication set up in place

If this Modification is not implemented, the SEMOPx Operating Procedures would not reflect the true market data publication details. This could lead to a lack of clarity amongst members around what market reports are being published and when.

The below impact was highlighted:

- The SEMOpx Operating Procedures need to be updated, which will be achieved through this modification. There are no foreseen updates required to the associated SEMOpx Operating Procedures Glossary, SEMOpx Rules or SEMOpx Rules Glossary in this context as the required changes are limited to the SEMOpx Operating Procedures.

Considering Modification Proposal SEMOpx SPX_04_25 and in accordance with Paragraph J.4.2.1 of the SEMOpx Rules, SEMOpx approves Modification Proposal SEMOpx SPX_04_25. An update to SEMOpx Operating Procedure will apply from the date of this decision letter.

Yours sincerely,

A handwritten signature in blue ink that reads 'Nigel Thomson'.

Nigel Thomson
Head of Market Operations
